THANK YOU FOR YOUR PARTNERSHIP AND COMMITMENTS

Without the full support and commitment from our sponsors and partners both from private and public sectors, the show would not be the success it is today. The organizer would like to take this opportunity to extend our deep appreciation and thanks to this year's sponsors.

Together, we have overcome the challenges which have resulted in the 2020 show a major success!

BRAND VISIBILITY AND IMAGE IS OUR OBJECTIVE!

Mr. Burapa Laohatanavaboon
Country Manager, FIMER

[Visit at Booth no. F1](#)

This is the first time Fimer has entered the Thai market. This is building on the success of ABB. The show is considered a major event for our solar business. The objective of our participation is to enhance corporate Fimer's brand visibility. Our main product is the innovation in power conversion. This product is at the heart of electricity generation with an emphasis on quality, and safety. Recently, we have launched EV chargers for the first time in Thailand. Although we have just passed through some difficult situations, we see this show as a platform to build the confidence of our customers. We are ready to continuously support all our customers.

FULLY COMMITTED

FOR ASEAN SUSTAINABLE ENERGY WEEK AND PUMPS & VALVES ASIA 2021

This is year has received positive feedbacks all around especially from exhibitors and visitors. For the past three days business have gone on as usual. Despite the COVID-19 effect, the show has attracted quality visitors, policy makers and professionals in the energy related industry with serious intention of doing business. The show's objective is to assist business - related industries to move forward. By participating this year, the show will exhibit, attend conferences or seminars and take part in the activities at the event. We have already helped to be apart in recovering the industry along with the overall economy. Together, we will overcome the challenges and the industry will recover and emerge stronger than before.

With the success of this year show, exhibitors have already committed and book their location at the next year event. Here are some of the exhibitors signed for ASE and PUMPS & VALVES ASIA 2021
